+234-7069085152

- 6 years of experience as an Electrical Engineering Technologist in the Energy sector.
- 3 years post-secondary Diploma in electrical engineering technology (electronics).
- Design, write specifications, test, install, supervise, and maintain Solar/Inverter/Battery equipment.
- Strong oral and writing communication skills in the English Language.
- Strong Computer and Programming Skills: UI/UX Design, HTML5, CSS3, JavaScript, Python, SQL, MS Office (Words, Excel, Access)
- Ability to learn fast and solve problems under pressure.
- Willing to travel long distances.

Willing to relocate: Anywhere

Work Experience

Sales and Service Support

Surulere - Lagos, NG

February 2014 to Present

- Design Solar, Inverter, and Battery system to match client's budget and electrical needs.
- Lead, supervise and assist a team of 5 in installing solar/Inverter/battery systems and equipment.
- Conduct site inspections and clients' load audits.
- Test and repair faulty Power Equipment and Systems.
- Commission an average of 4 Solar installations monthly across various regions in Nigeria.
- Periodically check and monitor client's commissioned solar systems remotely using a software/mobile Application (Zoola) so as to ensure smooth operation.
- Develop and maintain warm relationships with customers, leading to an increase in referrals and revenue for the company.
- Collaborate with the marketing team in creating campaign ads.
- Keep a record of income and expenses.
- Draft and submit project installation reports.

Electrical Technician

Powtech Integrated Electronics - Lagos, NG

2009 to 2011

- Designed Renewable Energy systems to match clients' budget and electrical requirements.
- Hand-soldered electrical components on solder panels to create the Oscillation output for an inverter system.
- Assisted in testing Oscillation stage output.
- Constructed and tested MOSFET stage.
- Designed and constructed step-up transformers.
- Interpreted wiring diagrams for each new project.

Education

Higher National Diploma (HND) in Electrical Electronics Engineering

Yaba College of Technology - Lagos, NG

2012 to 2013

Ordinary National Diploma (OND) in Electrical Electronics Engineering

Yaba College of Technology - Lagos, NG

2009 to 2010

Skills

- CSS
- HTML5
- Python
- Microsoft Office
- UI design
- UX
